Please be advised that your conference registration fee only covers your own participation in the social event at Egeskov Slot. If you intend to bring your spouse or any other companion, you will be asked to buy a separate ticket, which is available at the conference desk. The price is DKK 900 per person and the amount can be paid in cash (only the exact amount in DKK is acceptable) or through an ATM next to the conference desk (see conference program map) that accepts international credit cards.

Local Transportation
